NEWS FROM ALBANIA ---> Many noticed ZA/OH2BH and ZA/OH2PM signals bouncing in from Albania last week (four pictures can be found at <http://www.n4gn.com/za/>). Indeed, some 6000 QSOs were made - not only to please the Deserving but also to remind us about our shared responsibility to help those in need. This time, five stations were fully equipped: ZA1BH, ZA1BS, ZA1DC, ZA1DJ and ZA1S. These call signs were launched into the battle and these fine people made their first radio contact to the world. Radio equipment was donated by W3UR, K9MM, G3TXF, EA2NO and OH2PM, but many more recently licensed ZA hams are still in need of any gear to bring more ZA signals to the bands and make the Albanians welcome to this great passion of ours. You are welcome to join this undertaking by making your old gear active from Albania. Your contacts are K7JA, N7NG and K9LA.
